PROGRESS UPDATE DAY TWO:

🌟 Progress Status:

- Created GitHub Repository
- Created Scenarios
- Created Scenario Path Options
- Created Path Mockups
 - We found out to set up pages you need to name it index.html

🌟 Technology/Resources Used:

- We used Google Gemini, Wikipedia, DBZ Show, and GitHub
 - We found out that you can share Gemini conversations

🌟 24 Hour & Next Session Milestone Task:

- Milestone 5:
 - Front-end development, build the homepage, create choice buttons, and design event cards and timeline screens

🌟 Issues/Concerns:

- Claude is down
- Not everyone having access to Pro/Plus subscriptions
