Wanjun Hu

Mentor 1: Charlie Dey

Mentor 2: La Tasha Roberts

Home Institution: Albany State University (GA)

Target Course: Computational Informatics

Target Course Number: CSCI 2300

Anticipated Enrollment: 10-15

Poster title: Teaching Computational Informatics Course Using HPC Resources

Project Goals:

- To include HPC component to the course such as examples of DNA analysis and applications
- Have our students get access to HPC portal
