

Pawar Shrikant

Mentor 1: Charlie Dey

Mentor 2: La Tasha Roberts

Home Institution: Claflin

Target Course: data science

Target Course Number: btec620

Anticipated Enrollment: 10 students per semester

Poster title: Adapting HPC Tools in Image Classification
Using Convolutional Neural Networks

Project Goals:

- Use of HPC resources in relevant machine learning datasets, understanding HPC environment, creating cluster account and running process pipelines.
