

Deliverables

- Gateways 2025 conference registration
 - <https://sciencegateways.org/gateways2025>
- Science Gateway resources list you plan to use (e.g., NAIRR, Jupyter, projectEUREKA!, GitHub workflows)
- Brief bio/CV and faculty headshot
- Gateways 2025 poster (max. 30"W x 45"H)
 - The poster session will take place October 28, 2025 during the conference reception. Authors are expected to bring a printed poster. Submissions must not exceed 500 words. Posters should be a maximum width of 30 inches, and a maximum length of 45 inches. On October 28, 2025, you will be invited to hang your poster during the day before the start of the evening reception and poster session. One author must be at the poster during the reception to answer any questions. At the end of the reception, awards will be given to the authors of the best poster, which will be voted on by the conference attendees.
- (If requested) Technology-incorporation notes per session (short summary of what you tried/plan to try)
- Github Repository for the course the includes:
 - [README.md](#) with:
 - Brief bio/CV
 - Faculty headshot picture
 - Mentor(s)
 - Science Gateway resources list you plan to use
 - Original syllabus (baseline) (PDF)
 - Revised syllabus integrating one or more Science Gateway resources (PDF)
 - Gateways Poster (PDF)
